Ballstein, the first SS shows nothing but u killing me and me in the lead by 1000+ points.. The second one just shows me leaving, and I guess I presumed you agreed I had already won considering by huge lead and overall position in the game. What ISNT there, is exactly what YOU said, and that being the so called "ion" and c4's, so basically you proved yourself wrong, GJ

Spoony, I meant to ask about how the pruning of accounts work, cuz I dont think i ever logged into that account because I forgot the pass, talked to you about it, but in the end decided to start the new account. But if someone wants to register fake win's against fake players who dont even play there, thats their choice I guess
