But if someone wants to register fake win's against fake players who dont even play there, thats their choice I guess
Fake wins against fake players is called pointpushing and I ban people for it. I fail to see how this is a fake win against a fake player.

- Are you denying that Mexpirate won that game?
 - Are you denying that "trooprm02" in that game was you?
 - Are you denying that you made the "trooprm02" account on Clanwars.cc?
- Please, if the answer to ANY of those is yes, let me know.
