My comment about Vietnam still being two countries was a mistake as well...I was thinking Korea when I wrote it, as I have stated many times but the almighty Kirby keeps throwing it back in my face

K9TrooperDuke of NukesI mean... it's not like the Iraqi fort in Virginia was being heavily reinforced or anything

I also know that Iraq didn't have a fort in Virginia.

clap clap clap congrats, you can catch on to sarcasm now, you must be growing up :rolleyes:

Iraq was either a strike that was way too late or a pre emptive strike. The war ended a decade ago. Terrorism never had any boundries. Nothing has changed in that in decades. Do you remember the OKC bombing? Honestly...the only thing that's changed is that one group launched a Jihad against the US and was beaten severely, which I agree with fully.

and Kirby...just because you say I got owned every 5 minutes does not make it so
