K9TrooperI also know that Iraq didn't have a fort in Virginia
better? or perhaps you'd like the whole thing...just in case the context was lost on broken eyes.

K9TrooperDuke of Nukesif I'm the idiot that thinks Vietnam is one country...then you're the idiot
that thinks the civil war happened in the 1960s :rolleyes:

you said the South was wrong but we were right...you call me a hypocrite...but seriously. If we
were right in making a pre emptive strike in Iraq...why wasn't the south right in making a pre
emptive strike. I mean... it's not like the Iraqi fort in Virginia was being heavily reinforced or
anything

Read the whole fucking post you dumbass. I said it was an analogy, a theory. Because you said
the South was right to do the pre-emptive strike against the North, because they felt the North was
a threat. Yet you think the US was wrong in striking Iraq. We felt Iraq was a threat to the US and
the world. Remember, terrorism has no boundries anymore.

FYI! The civil rights movement in the 1960's has often been refered as the "2nd Civil War". And I
do know the date of the real Civil War. I also know that Iraq didn't have a fort in Virginia. Iraq didn't
even exist. Please do all of us a favor and get a clue in what you're talking about. Go to a library
and read before you post. And for Gods sake! Re-read your post to make sure you have your
geography right. :rolleyes:
