knew they took the walls out but I never used them so I didn't realize they were a big deal.

you said yourself that you never really played rts games...

Maybe we would have been better off if someone who did play a lot of TD and TS etc. That way EA would have gotten proper comments on it..

Instead, all people do is bitch at EA and act like idiots. I don't understand how they think they will get EA to do something or their opinions will be heard if they act like jack ass's all the time.
