nopol10 wrote on Fri, 02 March 2007 05:28My game gets this demogame.dat error after playing for some time...

Have anyone ever tried the scrin? you lose immediately after the match starts lol.
For some reason this happens to me as well when I try to run on the lowest settings, maybe putting everything up one notch will help if you run it at low settings(that's what I did).
