Update:
just finished the designer for the bans on Sbot

1) [ban_list.png](#), downloaded 2084 times

The screenshot shows the Sbot Version 0.0.1 interface. At the top, there is a menu bar with various options: Banned People, Ladder, Moderators, Admins, IRC Output, Auto-Announce, In-Game Players, Music Player, Start/Stop, Seye Server, Alias Editor, Start Page, Game Output, Game Input, Sbot Settings, Allowed Public Commands, Allowed Admin Commands, Allowed Moderator Commands, and Command. The 'Ban List' option is selected. Below the menu bar, the main window is titled 'Bans'. It contains a table with the following data:

Username	Rank	Score	Reason for ban
roshambo	1	6743	H4X0R

To the right of the table, there are two sections: 'All IPs Used' and 'All Used Names'. The 'All IPs Used' section lists the following IP addresses:

- 192.168.1.5
- 192.168.1.7

The 'All Used Names' section lists the following names:

- roshambo
- ideslikeu
- didaloca

At the bottom of the interface, there is a scroll bar.
