I don't know if i can make requests here but here it goes:

Do you know who did this skin? cause i wanted to make a skin request to him but where i downloaded this it was "author: unknown" so ill put the request here.

I wanted a Samurai skin using the colors of that skin but without the glasses of course lol and made out of Prototype Assault suit  
the skin could be more like the armor of this guy(Sidney head would not be changed)

The parts that are red i want it green like that skin above the parts in blue can remain in blue. If could add the sword that would be great, but i think with Sidney PIC is okay.

PS: sorry for the BIG images lol i tried to find smaller understandable ones but i couldn't
