matta56uk wrote on Sat, 10 March 2007 09:57i'm haveing the same problem my old nickname matta56. i cant log on with renegade. it say page is invalid etc. when renguard starts up it say "no WOL name connection will fail" and it dose! i have a wol name and i'm registered please HELP becuse my addiction to this game is bad i'v got the shakes. been offline for 2 weeks tried many things but nothing worked.

Open RenGuard, and launch Renegade. Log in to WOL. Close Renegade and RenGuard. Open RenGuard. ??? Profit.
