Jerad Gray wrote on Sat, 10 March 2007 16:33I was playing on a server two days ago, and got into a fight in the tunnels and they killed me, about 6-10 seconds later I got the boink sound and it popped up that I killed someone (no it was not timed C4 but lag, my timed c4 went off a few seconds later and killed someone else, I love it when that happens).

You wouldnt get banned, but you would generate a waring in the logs and at irc.
