I decided to make a simple text replacement for renegade Only works for u no one else will see it ingame.

-
1. Extract Strings.tdb to your default westwood/renegade/data folder
 2. Load Renegade and Go
-

Changes-

- Destroyed to Terminated
- Purchase Request Granted to Access Granted
- Killed to Defeated
- Buddy List to Friend List
- Not logged in to Offline
- Logged in to Online
- Credits to Money
- Time remaining to Time Left
- Host to Admin
- Building... to Creating...

Thats Pretty much it, I think I covered it all
