I actually agree with puddle\_splasher on his comment about not mentioning your past. I made a real-life mistake, but it's in my past now, and I don't mention it usually. When I do, it's to laugh at myself.

I also agree with Sniper. You're still banned regardless if you change your name or IP. Sure, people won't know it's you, but you, the person who cheated, is still banned.

A fugitive is still a fugitive even if he changes his appearance. Your mistakes aren't suddenly forgotten because you disguise yourself. Your disguise is just an attempt to make a dishonest attempt to live a normal life. You may not have the same mentality as before, but you're still just as guilty of the crime.
