As much as I am against corruption of youth, I don't think a few swears will do that. I was 7 when I started swearing, by 10 I was swearing profusely. (I have since gotten it under control.) Movies and TV got me saying swears, and by the time I was on the internet regularly (round 12 or 13), it was no big deal. Swearing today is so common place that swears are barely bad words anymore, rather strong expressions of emotion or feeling towards something.

I think if you REALLY wanted to corrupt the youth, show em porn. THAT will corrupt them.
