For the most part I play on ASE servers, yes. So if you feel the urge to laugh, for no apparent reason I might add, go right ahead. But don't speak of me in an otherwise condescending manner 'cause I assure you, I'm neither a n00b nor a Newbie.

You certainly don't hear me bashing either WOL or GS/ASE people. I play & enjoy the game thoroughly still. As long as people play the game it'll always be around, despite the fact that WOL's done with. I've got nothing against REOL, as a matter of fact I think it's a great replacement & I hope it gets the attention it deserves.
