Honest to god, Troop, I havent even touched the game since...I got kicked outta my clan?

Oh, Btw, You're gunna have to re-find my IP in a few months, im not changing it, im just moving, into my own place.

So, I think Juneish, do another search, just to make sure that you get me banned offa most servers that I never play on anyways.

And, to cover BBF, they had no knowledge I was cheating, they kicked me out as soon as they found out, most of their members, veteran ones anyways, dispise cheaters.

And, I was only in the clan maybe two weeks, before I went my own way >_>. "The Whole Time" Wow, Your making it seem like i was cheating for months. I didnt know a few days of fun, is considered a dam long time.

And, they said after my 3 month ban, it would be up for consideration. Not guarenteed.

Besides, I dont want back into that clan Mex would leave, and I'm not going to make him change clans over the fact they have a known cheater in it.
