QUIT ACTING LIKE I DON'T KNOW THE FUCKING DIFFERENCE.

I'm not an ignorant fool. I've graduated from a private high school. I'm not some average-intelligence kid. Just because most morons may not be able to tell you the difference doesn't mean that I am one of them. >.<

Do I really need to specify "local", "state" or "federal" government when it's more than obvious what one I'm talking about?

Yes, this outburst was warranted. This is twice in the same thread that I was talked down to as if I don't have a decent understanding of my own government. Would I be discussing politics without making an ass of myself if I didn't have an idea?
