Also need peeps opinion on another program im releasing on Monday, its going to be going out to 140 pharmacys all over Australia so i want to know what you think of it so far, you don't need to know what it does or what its for.

The GUI is done but i haven't finished adding the last 2/3 buttons to it yet, so same as before about if you steal/edit it expect a heavy ass lawsuit on your shoulders from a large corporate company

Here is the GUI 80% completed prog:
