EVA

-----

The airstrip is under attack is what EVA is saying,  
She sits at her desk while I am outside playing.

She lets everyone know when my beacon is deployed,

Her voice is so soothing and she never sounds alarmed,  
Even in the final seconds before a beacon is disarmed.  
She keeps me updated of events I need to be aware,  
That way I know what buildings are in need of repair.  
What would we do without her and her advice?

She may be annoying and give your attack away,  
But in this game of Renegade she is here to stay.
