hmmm...I found many words from the site you showed that are similar to another website that is based in Amsterdam (Netherlands).

So, it is probably in Dutch and/or Frisian.

I used this translation site (by far the most reliable):

<http://www.freetranslation.com/>

Select "Dutch to English" in the drop-down box.

The sentences in your first post translates to:

- With a click on this link will your rather shockende depict see!
- This is namely Flatout 2 crash!
- You can buy the game and downlauden!
- Here on Worldmirakel, we have clips only.
- It come also yet downlaud left on!
- By each crash or game clipje, a tekst will hear by.
- As you can come happened to know more what there all in the clipje!
- What you here reasonable shockent is see will! Namely cars that crashen during a race, all 3d depict...

I guess they are talking about this game:
