General HavocYeah it's my host They do backups every so often causing the page to go down. The tutorials on Laeubi's site are exactly the same as the ones on mine, we use the same SQL database. Laeubi's site does however offer German support for some tutorials, which is a good thing. Hey CaptKurt, you been playing Planetside?

\_General Havoc

No, I've checked it out some, but really been busy with this new map, BF42, still working on the buildings. But damn, they are coming together nicely. So fill me in and make it sound exciting and
