I have been banned from Jelly-server(R-A) for absolutely nothing. RAJBrock banned me for not posting a screenshot on theses forums. I got 2 head shots sniping with Deadeye and he banned me. It doesn't have a reason why i was bann when i try to get back on. I don't know if he thought i was hacking but I wasn't because im connected to the Rengaurd Network. Please reflect on my part and i would hope to be unbanned as soon as posible.

Thank you,
    Josh
