Actully he killed 32 students/teachers and himself making it 33 kills total. I feel really bad now, cause today theres a bomb threat in a building right next door to all the killings, but thats what you get when you suspect someone is insane but dont do much to help but reffer them, usually people insane think their ok and dont need help.....so someone needed to kinda push him to help, but not force....but then again, he chose to do this.
