Heya all, we have an up and coming project, and are in dire needs of a concept artist. As a concept artist, you take all those wierd ideas that are in our head and either put them on paper, or in bmp either is ok.

Requirements:
Artistic Skills
At least 3 originaly pieces of art (vehicles, buildings, etc...)
Storyboard experience or knowledge.

lol, i might be able to help you out there as usual my friend , also about those things im sending to you, my laptop went tits-up.com so im not sure when i can mail you them, but hopefully work will have my laptop fixed soon enough
