I'm going to go ahead and assume that he's not as dumb as we would like to think sometimes...

I can think of three possibilities:

- 1) some one else know his password and acts like an idiot on his user name, and he doesn't notice because he only posts on certain topics.
- 2) He has a split personality, and swaps in between them on a regular bases.
- 3) He types what he thinks, and doesn't read it over, and doesn't care.

There are probably a lot more.
