Jerad Gray wrote on Mon, 23 April 2007 11:35Mrzapped has a post count of 9 (which means he can not have been harassed to much, or else he doesn't try to defend himself). He is threatening to stalk trooprm02 , says he has the money to do it. And is going to send the Canadian swat team after trooprm02, for verbal harassment over the internet. Either he lives under a rock and this is his first time on the internet, or he threatens half of everyone on the internet. Now you do know that there is some text on the right side of the screen that says "ignore all messages by this user" if you click this, it hides all messages from the person, it is a lot cheaper than stalking this guy for hurting your feelings.

ROFL, lol some good points. Anyway, not that a belived him for a second but if anything the "physical threats" he said would have been more than anything ive said. This is just one of the funniest things ive heard in a while, and this guy probably cant sleep over this which just adds to the hilarity

P.S: yes that canadian rg server thing, which was actually decent when I set him up with all the files and he seemed nice, right before he tryed to fuck me over so..
