Canadacdn wrote on Mon, 23 April 2007 23:38 Personally, I think that marijuana should be legal, right along with liquor and tobacco, but people should have to take a short course to educate you about the potential dangers of the products, and safe use of them before you would be allowed to purchase them.

It's the people's responsibility to educate themselves. I'm against government spending for that. If private organizations want to open up discussion and have classes, by all means, but fuck no to government funding on that.

Edit: Unless you charge for mandatory sessions that cover ALL of the costs.

Edit edit: Nevermind, that's still government controlling you.
