Ghostshaw wrote on Thu, 26 April 2007 17:36 There seem to be some issues with the TFD serial fix. I'll try to get them fixed ASAP.

In the mean time, you can delete woldata.key from your rene dir and change the registry entry: HKeyLocalMachine\Software\Westwood\Renegade\Serial using regedit, to a numbers only version of your serial (so just remove the (-) signs and type it in there) that "should" work.

-Ghost-

Umm, waht can I do for TFD? Can you make that into a TFD directory?
