Laeubil have updated the RA1-Mod: Operation Flashback section on laeubi.de,
and Monkeyphonic finished some nice Models for the Mod.

So take a look at it on <http://www.laeubi.de/ra1>

Here are some smaller versions of the models Monkeyphonic did.

(You find bigger versions in the screenshot section)

Looks good. I really would like some of your vehicles in my new BF42 map. Lol.
