let me staighzen this out. Khan is dead, Kane is only thought to be. Also Kane looks eviler cos he's thinning a bit...

And unless we finally learn how to travel that far real quick, i bet we'll finish the sh*t we started on earth before we even get to launch a colony ship. Also, if we f*ck up this world and move to that older one, won't we f*ck that one up even worse? yeah... i really don't know what i'm on about either.

KANE RULEZ COS HE'S BALD!!! ,
