kawolskyits easier to use objects.ddb for this kind of mod,
you can also make rhinos and nuns with that.

go here and then go to bottom of page, click on the upload forum and there are a few objects.ddb
mods there.

dl em and stik em in data and u got super fast nuns that can fly and very fast squids that look like
the aliens from simpsons!!

there should also be one there that includes the harvy
