Silent Kane wrote on Thu, 03 May 2007 13:42 You're an arse.

That is one of the wittiest replies I have seen in a long time on here. To be honest most of the changes aren't THAT fundamental at all as they are just colloquialisms. Some phrases will sound odd though from either side despite the fact they still make sense.

I would like to see a Cockney Rhyming Slang option though as it really would be funny to see.
