trooprm02 wrote on Fri, 04 May 2007 14:39 Think about it, you've gone over it with me yourself, you said you play more than atleast 2 games every single day, and considering how long (or short, idk) cw.cc has been going on for/you've been admin there you have played a SHITload of games. And considering you yourself, also have admitted to the fact the more games you play, the better you get, the fact is i played a few maps yesterday, but before than didnt play for a month, you know how fair this is going to be.....

So you're saying no based on the fact you think you'll lose? I've never said no to a 1v1, or any game at all for that reason. And you constantly bitch about other people "dodging"?

trooprm02 wrote on Fri, 04 May 2007 14:39 I think it was a while ago but I personally asked you for a 1vs1 just to see how big the advnatge would actually be, and instead of playing you said you were going somewhere so you explained it in more detail, anyway you know what you said. I really don't, because I've never ever backed down from a 1v1 in my ren career and I certainly wouldn't from you. Please quote the post where you asked me for a 1v1 and I refused.
