[14:26] Trying to connect to server #1...Connected!

[14:26] Server is not responding. Trying next one.

[14:26] Trying to connect to server #2...Connected!

[14:26] Server is not responding. Trying next one.

[14:26] Trying to connect to server #3...Connected!

hey there! this happens, and after the third one it says "firewall might not be compatible with renguard" or whatever!

funny thing, it never happend before, fuck this!
