It looks to me like your getting people to sign on as admins and mods just to get them to stay active on your site...

I'm hiring people to help run a community...There is no pay involved. Just had a lack of words when I made it...

bluethen wrote on Fri, 18 May 2007 21:27Is neo gods just a forum?

No...We play a lot of games, we just don't have any servers aside from Teamspeak and a website/forum.
