Actually there is!!!

As discussed in our PM!

Biatch was bypassed soon after it was released.

Yeah, lets all hear you shout STFU, what do you know....blah blah blah.

No doubt my messages will be made public so here it is.

Voodoo cannot crack the latest hack at the moment and the *cheat name removed* is out there. Apparentley it hides within a file that opens after RG is loaded.

The FM clan have a few testers of the *cheat name removed* but lo and behold, a few have been found.

Mark my words!!!! before you all have a go. Leave the comments for a while and then apologise!!
