Crimson wrote on Mon, 28 May 2007 19:48: Yes, I know that... That was kinda my point.

Hence, the concern is that bluethen could be potentially making and releasing the types of cheats that are not currently stopped server-side, making your argument of "Who cares? BIATCH will catch him!" invalid.

Well, it will certainly make him watch which cheats he uses.

My point was, other than aimbot, there aren't many things that biatch won't catch.

Aimbot can be stopped SS.

The double spawn thing?
