[NEFobby[GEN] wrote on Tue, 29 May 2007 22:53]Those are some great strategies, but the problem is, a lot of clans actually reuse those strategies on Field. They'll usually know exactly when the enemy will get Grenadiers, etc. and prepare for it.
So that's when you prepare for them preparing for it. ;p
The key to winning in clanwars is being smarter and faster than your opponents.. If you're resourceful then you can easily find ways to outsmart opponents who would normally beat you.
