EvilWhiteDragon wrote on Thu, 31 May 2007 03:30don't forget that the americans first delivered the stingers to the taliban / al quaida...

Yes, but it was the stupid Soviets who had to invade Afganistan in 1979 and made those ordinary Afghan farmers and shepherds into bloodthirsty fighters.

The Afghans were already engaged in a gruesome insurgency against the Soviets...America only gave the Stingers in 1986 to shoot down the Soviet Hind gunships (the mujadhedeen called it "Satan's Chariot" because they were helpless against it).
