OMG Sudan has us by the balls! No more soft drinks!!!!11111

Basically this crazy Sudan Ambassador is threatening to cause the halt of world production of soft drinks if the U.S. doesn't stop saying that people are dying in Darfur and lift sanctions. He also actually said that "nobody" is dying in Darfur, which is ridiculous. Maybe he will be the next Bagdad Bob

Crazy Sudan Ambassador! want you to know that the gum arabic which runs all the soft drinks all over the world, including the United States, mainly 80 percent is imported from my country," the ambassador said after raising a bottle of Coca-Cola.

A reporter asked if Sudan was threatening to "stop the export of gum arabic and bring down the Western world."

"I can stop that gum arabic and all of us will have lost this," [Ukec] warned anew, beckoning to the Coke bottle. "But I don't want to go that way."
