ROFL, still denying it? Even after:

- 1)you admitted to using lan exploit and using mod nick on xphaze
- 2)then retracted that statement and told me to go ask the people at xphaze myself
- 3)i went to ask, they said, yes your IP matched and they have had simlair problems with you in the past
- 4)when i told you this ingame, you changed your story again
- 4)then I 1vs1'd you, it was rape, and you said you were afk after

ROFFL, wow thanks for the entertainment, bookmark+1

OK LOL.

Please tell me how using Lan-Exploit/Using a mods nick = Cheating? Too my knowldege thats called Impersonation and/or being a prick.

I fail to understand how you can say someone was/is cheating using the fact he \*may\* have used Lan-Exploit.

As I posted last time you accused stone of cheating; BiO didn't kick him out for being a cheat but for being a asshole with his attitude. Would you like me to link you back to that topic?

Hello? Talk about not reading my post.
