Ban me for what? Supporting Flood3d? Well, I'm going to tell you straight up, dude, fuck you, (Understand "that is") all I needed to say to you and about you guys (Assuming plural from "-z", debate this in a seperate grammar thread) wanting Flood3d (Notice he can type Flood3d's name correctly sometimes) to be banned permanantly, I don't think that should even be a topic because he shouldn't be banned permanantly AND his "punishment" for breaking the rules (Assuming plural again, either that or, on this forum, you agree to both the "Rules" and the "Rulez", presumably the latter is some sort of "1337" translation) has already been given and adding on to that would just proved how you're biased and how (much?) you don't like him personally.

Aside from a lack of evidence and reference to "Rulez", that post almost was helpful. About as helful as this, anyway.

I'm going to go play Renegade.
