n00bs

-----  
n00bs n00bs all types of n00bs  
in any game they will surely intrude  
doing stupid thing and making us scream  
like attacking each other with the blue lazer beam

Throwing mines in nice little stacks  
sometimes on your leg's or on your back  
they continue to ruin all our games  
and that is why we put them all to shame.

On n00bstories there nick's are stored  
from most of there antics we shall never get bored  
I believe that our n00bs are all a treasure  
Because they bring us so much pleasure !!!

just somthing i made up on the spot
