His name is FireH4x

Nope, no cheats.

He was repairing a stolen mammoth tank, for almost 10 minutes of a game...

He got out of it in the middle of the battle and it got stolen by an enemy, so he decides to keep repairing it!

GDI is trying to kill it (WF killed) and he is standing behind it **FUCKING FIXING THE ENEMY TANK!!!**

**WHY IS HE SUCH A N00B OMG!!!**
