whow wtf. Well you did a great job making mexpirate look like a fucktard, since he wanted it locked. Ofcourse hes going to deny it, and people like BBF members will surely accept his lies, 3 month ban, then back in buisnees, ROFL. As you can read, I never for a second belived him for 2 reasons:

1)the type of shit he said on those cheating forums, no way he would say ll that and not cheat ingame, no fucking way. As he posted that stuff, he either planned to cheat online almost immedialty or all ready had, according to the things he said.

2)he just like the rest, kinda reminds of of cheeky. cheats, get caught, tries to confess (partialy) to make himself look good, people belive him, then there right back at it. Not saying thats whats gonna happen to either of then, althought a possibility, but he gets caught again in a lie, now lets watch what the fuck hes gonna say to get people to belive him, GFG
