crazfulla wrote on Thu, 14 June 2007 05:02Get some teamplayers together and make an instant flame rush.

Start with 350 let it build to 400
Half the team donates to the other half
Result: 6 strong flame rush in 2 minutes.

I have seen this done, In a clanwar of course, not a chance in hell this would happen on a public server.

cant donate in clanwars
