When i make a mod, it dont make any presets, it only makes 2 folders in the dir.

LDir/Test/EditorCache

and

LDir/Test/Levels

Levels is empty.

Everytime i close level edit, this error message pops up if this has anything to do with it.

"The Instruction at "0x110669e8" refrenced memory at "0x00000008". The memory could not be "read".
