lol that sbh CAN be the hero!

say on City Flying. Nod Obelisk is down and half your base is dead.

This sbh harv walk into the GDI PP and kills it with 2 timed and 1 remote. BOOM base power down then he kills ref with the same salvo. 4 timed and 2 remotes left right? Blows up the wf and bar with the rest of the c4s. Now he nukes AGT. *Game Over* Awsome!
