GrayWolf wrote on Tue, 19 June 2007 01:29I said that in my original post so if your trying to get on me for claiming this is my work stop. I Ripped the models and textures from mario64.

I have been working on this for 3 days now.

I don't suppose you could do me a favor and get all the level models from Zelda ocarina of time, and send them to me (you don't have to send the textures I just need the floor plan).

It looks sweet by the way.
