NFHAVOC wrote on Fri, 22 June 2007 08:36you know in the single player game when you fight raveshaw in a boss battle he can pick you up and throw you

how can i get the bot to do that

I don't remeber that, can you post a screenshot please?

Is it while you have controll of your character or a scene that you watch?

The closest thing I remeber to that was the mutant who kinda ran up to you and punched you about a bit, thats possible...
