GizbotvasHomey,

the last time FOG played LT, server shutdown ended things.

If you have a killer connection, I throw my hat into the ring. Post here or in our forums. FOG challenges you (still).

fc server sucks so thats why, my connecton crashes after games for some reason but During the day i hosted 8v8 no lag, at night i did 10v10 with upto 1.2mbps no lag. 20sfps though.
